Entered as second-class matter, at the Postoffice at Redwood City California, under the Act of Congress of March, 1879.

SATURDAY, DECEMBER 8, 1933.

A JOINT CHAMBER OF COMMERCE

The formation of a chamber of commerce to represent all of the Bay section of California is now being considered. Such an organization should be of great value to this section. The San Francisco Bay region is beginning to feel the awakening of a new spring of activities. For years capital has been going to Southern California and Los Angeles has become, almost overnight, one of the biggest cities in the country. San Francisco has more to offer than be found in the south. The natural resources are greater here, really it is still comparatively low and every condition is in favor of San Francisco. This is becoming known and a San Francisco Bay Region Chamber of Commerce which would boost for the whole area around the bay could bring two million people into this vicinity by 1930.

This is no idle dream. Los Angeles expects to have a million and a half by 1930. We have a good start for our two million. We have the finest section of country to be found in the United States. Boosting, united action and faith in ourselves can bring all of the people and capital that we want.

SAN MATEO COUNTY

We heard a man read, "I love the land I live in," not long ago and we can honestly and truthfully say that we do love our San Mateo county. It may be divided and part taken into the metropolitan area. It might be all taken by our big neighbor on the north. We hope not, though, as we prefer our own little county which has been a good little county for over half a century.

There isn't a section of the state that is comparable to this. Sunday we had the good pleasure to travel for a little way over the new Skyline boulevard. The day was perfect. Meadow larks had mistaken the time for spring and crowds of little grossbeaks and wild canaries were on the bordering bushes. The air had all the crispness of day in May and the motorists were enjoying every nook and bower of the beauty spots around them. As we drove along the fine wide highway vistas of lakes and bay and links and homesites broke before us. Just at hand were fairy cities with pretty houses showing here and there among the trees. We should have liked to travel the whole distance of the boulevard to see the great stretches of the ocean and the great green gardens of the north end, but a barrier told us that the way was closed, so we retraced our way and came home, knowing that we live in the finest county that God ever gave to any people.

WORLD PEACE AND HUMAN GREED

Over twenty-two thousand people have subscribed ideas on how to bring about world peace in the Edward Bok competition. Many of these ideas were founded upon firm principles, and many contained grains of good sense, but the one essential factor, the "philosopher's stone of the whole business" was lacking from all, and that is how to rid the human race of hate, envy, and avarice. Not world courts and not peace conferences will suffice to bring peace into a world where man seeks to gain material control over his neighbor. War is only the ultimate result of individual selfishness. All wars are traceable to the same root, and it is not till that root is destroyed that wars will cease to flourish. The only plan for real world peace was spoken in Galilee two thousand years ago by Him who said that we should treat our neighbors as we should like to be treated. No other will stand.

A NEEDED RESTRICTION

Redwood City should have a zoning ordinance which would require a reasonable front yard in residence sections. In the best residence portion of the town a series of houses is being erected which come practically to the side walk line of the property. It is all well and good for a property owner to wish to use as much of his property as possible, but he should be restrained from doing so if the places erected will in any way injure his neighbor's property.

It may be that the improvements in question will very materially improve the section where they are located but the street would have looked better had there been a front yard to adorn and the neighbors would have felt better about the thing.

BUYING AT HOME

As Christmas time draws near the usual plea goes forth concerning local patronage. The plea to buy at home is an old one, and it would be a just one if those who utter it would practice what they preach. A good many who urge this never think of patronizing the home printing office, because they can get their circulars and doggers cheaper in a neighboring city. They want the local papers to boost, boost, boost, while they look on and read their neighbor's paper. This isn't aimed at anyone in particular, but we are willing to pass it to anyone whom it may fit.

You are a nobody? You can become a somebody. Whether the world recognizes it or not is of secondary importance.—Forbes.

Cream rises to the top. But it has to be cream, remember.—Exchange.

We become largely what we ourselves see in others. Look for the good in the other fellow.

PLANNING COMMISSION FOR REDWOOD CITY

The only business of more than passing interest to be transacted by the board of trustees was a suggestion made by Trustee Mable that a Planning commission be formed. The suggestion of Mable grew out of a discussion as to the advisability of changing the building ordinance to provide for more uniform position of houses on the lots, as suggested by Trustee Monteth. A motion was made by Trustee Beeger and seconded by Trustee Ryan that the matter of a city planning commission, similar to those of other cities, be considered by Attorney Mansfield, and a report returned upon the matter at the next meeting of the board.

The question of garbage disposal was also gone into to some extent as the result of a request of J. Pessi for a permit to collect garbage, a business now limited in this city to Louise Birole. The board felt that Birole and Pessi should both come before the board at the next meeting, when some arrangement will be made suitable to both.

A request from A. Telger & Sons for an extension of 60 days for the completion of their contract for street work in Oak Knoll Manor was granted.

Following the reading of the report of F. K. Towne, city treasurer, showing a balance of \$14,701.90 in the general fund and \$5,546.64 in the water fund the board passed all claims for the month.

The following dance permits were granted:

Old Timers' Club for Wednesday evening, December 5, 12, 19 and 26; Redwood Parlor, No. 66, N. S. G. W., Saturday evening, December 16; J. A. Reed, Palm Canyon Stage, New Year's Eve, and on January 12; Redwood City Post, No. 105, American Legion, Saturday evening, December 22.

A communication from the Southern Pacific Railway Company regarding the recommendation made some time ago by the company for closing several crossings in the town was referred to the city engineer, that he might let the railway company that the board had decided not to close any crossings.

No other business appearing the board adjourned.

CITY BOY HAS ROCKY ROAD

Do not ever believe, you boys on the farm, the city boy has all of the good times going. In many ways he has a rocky road to hoe.

One of the big men of the Chicago University, who has a study of the condition of boys in the cities, says the country boy, if he has the chance of an education and lives in a good home, has a deal better time than the flat-bred steam-heated city boy.

The city boy has no opportunity to bring in the wood, milk the cows, gather nuts or go out in the woods. The city is mean to him. He seldom puts his foot on the ground because it is all covered with stones and cement.

He has no neighbors, for people move every year, and sometimes often, so what's the use of getting acquainted? There are no real homes in flats—not like the homes of the country, where people live in one place for years and grow up with their relatives and neighbors around them, and where the ties of friendship are strong and satisfying.

If the city boy lets out a yell or plays ball in the streets or swipes an apple, the police are down on him in a moment.

The country boy can whoop, whistle and sing as much as he pleases, and occasionally he strays into a neighbor's orchard and comes out in a fit of absent-mindedness with a melon under his arm or a dozen apples inside his shirt, and he is not arrested! Generally, he is invited to help himself and come again, if the neighbor sees him.

In the city everybody is against the boy. The people upstairs complain to the janitor that he makes too much noise, he is not allowed to sit on the doorstep, and so he drifts into crowds of bad boys around the corner who are not allowed to do the things that every healthy, well ordered boy wants to do.

PROMINENT COUNTY POLITICIAN PASSES ON

Porter E. Lamb, Justice of the Peace of the Second township of San Mateo County, died Tuesday morning at the home of his cousin, Elliott Bixter in Augusta, Maine. Judge Lamb had been a sufferer from asthma for many years. He left three months ago for a trip East via the Panama Canal with Mrs. Lamb and reports from him stated that the trip was proving beneficial to his health.

Porter E. Lamb was born in Milford, New Hampshire, May 29, 1879. He came to California in 1896, and after finishing high school entered Stanford, and besides being a good student was one of the star athletes of the institution, and for a time held the world's record for the 50-yard dash.

After leaving college he became one of the pioneers of Burlingame, and acquired holdings that became business property as the town developed. His engaging manner soon took him into politics and he became one of the real factors in county republican circles. He became Justice of the Peace in 1919 and has been re-elected at every election since. His home for the past two years has been at Belmont, where his six children are now residing with Mrs. Lamb's father, Mr. D. H. McEwan.

Mrs. Lamb left for home on Wednesday with the body of her husband and it is expected that she will arrive early next week. Funeral arrangements will be made upon her arrival at the Lamb home in Belmont.

SEQUOIA CAGE TEAM BEATS PRAT FIVE

The I. K. O. Z. Basketball team, made up of former Sequoia High School players, met and defeated one of the fast Stanford fraternity house teams in the local gym last Saturday night. At the end of the game the score read locals 29, visitors 12. The Redwood City players who "did their stuff" were "Mule" Robertson, "Spike" Mitchell, "Bunk" Thompson, "Cow" Scheiber, "Ernie" Locatelli, "Chile" Deluchi and Mike Kreiss.

EXCELLENT GIFTS FOR MEN

Rev. Harry Owen, D. D., Pastor
Sunday School at 9:45 a. m. Service at 11 a. m. Epworth League at 6:30 p. m. Service at 7:30 p. m. You are cordially invited.

WRITING FOR THE PAPER

"Why was not my letter printed in the Independent?" inquires some irate correspondent from time to time. Well there may be several reasons, including improper matter, but the main reason is that you do not write it so that the editor can use it with out rewriting it. Remember that the typewriter operator goes at a high speed and that he has no time to stop and decipher the words that are not plain. No newspaper is willing to tie up a machine while deciphering some hieroglyphic called a word or trying to make sense out of some sentence. And the editor has no time to spend in marking over and making readable your copy or in re-writing it. Now, honestly, if you have something you think worth saying through the columns of the newspaper, don't you think it worth writing plainly and according to the newspaper rules. And don't you think, if the editor is willing to give the space, too, and pay the expense of printing your communication, that you should at least furnish him "good copy?"—St. Petersburg (Fla.) Independent.

A certain woman wants a divorce because her husband does not understand her. If all of them would get divorces for the same reason, who would be married.

SEQUOIA HIGH SCHOOL NOTES

Andy Kerr, varsity coach of Stanford University, spoke to the student body at the last rally to be held in the old building, Wednesday noon, to award the block letters to the 114-boys' basketball team for winning the P. A. L. championship this season. Mr. N. Kellor, a Sequoia alumnus of this city, gave out the jerseys to the boys, all of whom are freshmen, except two.

Joe Chew, captain of the team and "Bud" Lambert, basketball manager, Jimmy McKay, smallest boy on the team, and Mr. Argo spoke. The Treble Clef sang two songs accompanied by Mr. Carrington.

Miss Catherine Boyle mentioned the 120s as also deserving of praise for their untiring zeal even after they had no more hope for the championship.

Coach Frank Griffin said sacrifices made winning teams. Team spirit and lean living, Mr. Kerr, said were the principles of great athletic courage and obedience naturally followed.

Mr. Kellor then awarded the letters and the assembly was concluded with the singing of the Loyalty song.

Mrs. Urech of the San Francisco City and County hospital training school for nurses, spoke to the senior girls recently in an effort to get students to supply the great demand for nurses now prevalent all over the country.

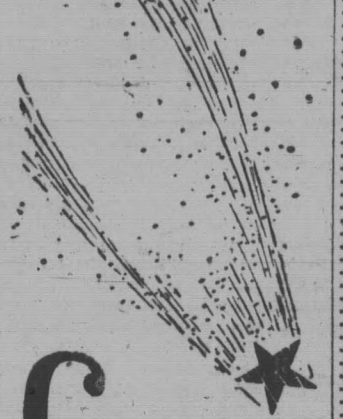

"There is need," said Mrs. Urech, "for three times the 150,000 nurses there are now. The department of public health is open to the greatest number. There should be at least one in every county." She pointed out other fields in nursing namely, school nurses, nurses for the factories of big industries; Red Cross nurses, and teachers of nursing in hospitals and more backward foreign countries, such as China, Japan and South America.

Students wishing to take this course must have been through high school. The training takes three years, the last year being elective, when the student can specialize in the branch of nursing in which she is most interested. This includes, tuberculosis, communicable diseases, children's nursing, and others.

Training for institutional work such as school directors or teachers gives the greatest opportunity. In Mrs. Urech's opinion, for seeing the realization of the good one does. The course for this kind of work includes besides high school and regular nursing course a course in normal school.

"California," continued Mrs. Urech, is fortunate in having laws passed to safeguard the profession. Both Stanford and U. C. are well known and the San Francisco training school which Mrs. Urech represents is recognized as one of the best in this state.

They used to be called tramps, and we drove them away from the door. Now they're tourists, and cities give them free camp sites, fuel and water, and they can forage for their own food and gasoline.

STOCK KILLED BY WILD ANIMALS

After reading this article farmers will feel glad indeed that they are not raising stock, or trying to, in India.

According to Consul Joe de Oliveira, a serious problem in connection with the live stock industry in southern India consists of large losses in cattle annually sustained through the depredations of wild animals and from snake bites. Statistics recently compiled on this subject would seem to indicate that such measures as have been taken for the destruction of wild animals and reptiles in the Madras presidency have not been so effective as to materially reduce the mortality among livestock from such causes.

In 1911 the number of cattle destroyed by wild animals in this presidency was 11,242, compared to 10,966 in 1910, and 11,380 in 1909, while the number killed by snakes was 1556, as against 1745 and 1600, respectively, during the two preceding years, constituting a total loss in cattle from two causes of 12,808 in 1912, compared to 12,711 in 1910, and 12,980 in 1909.

The greatest danger among live stock by a single factor of the foregoing agencies would appear to have been made by tigers, whose depredations in 1911 extended throughout seven districts, in two of which alone, Coimbatore and Malabar, they are reported to have accomplished the destruction of 1227 cattle.

"Pippin!"
No more wood to pack!

No—nor any more coal or ashes for anyone to lug! The convenience and efficiency of Pearl Oil-made heat means comfort for everyone—fire-tending for none. Heat by the roomful at the touch of a match! Simply turn the wick high for initial warmth—then low to maintain it. And remember, Pearl Oil burns clean—it leaves absolutely no odor.

For best results your heater needs more than just kerosene. "Kerosene" or "coal oil" may mean any kind of kerosene—"Pearl Oil" but one. It is the highest-quality kerosene only, the result of years of research and study, and refined for heating and lighting purposes exclusively by the Standard Oil Company's own special process. Your dealer knows Pearl Oil—ask for it by name.

COUNTY BOARD HEARS PROTEST ON LOMITA PARK WORK

The last meeting of the San Mateo County Board of Supervisors, held last Monday was almost entirely devoted to the consideration of various improvement projects in the county.

The first matter to come before the board was the question of paving the streets at Lomita Park, a question which has received considerable discussion in board meetings within the past few weeks. The matter was introduced into the present meeting by Attorney John H. Williams, who representing a number of residents of Lomita Park who were opposed to the letting of the contract for the work, claimed that parts of the proceedings of the board in the matter were not according to law. Attorneys McCurdy of San Mateo, and O'Keefe of Redwood City also appeared before the board representing protesters against the paving program.

In order that both sides might be represented, the board sent for Attorney Kirkbride of San Mateo, who represents the proponents of the proposed work. Kirkbride sent Joseph B. Gordon to represent him. Gordon addressed the board, and claimed that nothing was needed but that the board let the contract, as all preliminary work had been done. He said the protesters, claiming irregularities in the proceedings, and asked that the whole matter be dropped. The board, therefore, set a special day for hearing the matter, Tuesday, December 11.

A contract for grading San Bruno avenue from Daly City to Colma was let by the board to Farrar and Carlin. The contract is for work according to plans recently adopted by the board and is for the sum of \$9495. Plans and specifications were introduced by County Surveyor Kenneth Worden for a bridge across Butano creek to cost \$7,000. The plans were approved and the clerk requested to advertise for bids.

The matter of the Montara Lighting district was introduced by District Attorney Swart, who advised that a committee of citizens of Montara be appointed by the board to investigate the matter and render a report at the meeting of the board on December 17. A committee consisting of Harry Wagner, J. L. Kent and Charles Nye was, therefore, appointed by the board.

Bonds of \$15,000 valuation for the Burlingame school district were ordered sold to the State Compensation Insurance Fund. A petition to the board bearing the signature of a number of the residents of Millbrae, and asking for the formation of a Millbrae lighting district was introduced to the board by District Attorney Franklin Swart. A resolution providing for the calling of a special election for the formation of the district was also presented by the District Attorney. The resolution was adopted by the board and a hearing upon the matter on December 17.

Supervisor Brown of the Second township reported in favor of the erection of a cooling tower at the new county hospital for the conservation of water from the refrigerating plant, and Purchasing Agent Worden was authorized to purchase such a tower at a cost of \$400. A communication was read from Col. Herbert Dekayne of the Army Engineers stating that there will be a hearing on the request of the Arden Salt Company for permission to lay a 42 inch pipe across New Ark Slough, on December 10. Reports were received from several county officers, and as there was no further business, the meeting adjourned.

ECHOS FROM LA HONDA
The La Honda Gravel Company, which has been delayed in its operations on the Alpine road, owing to rain, will resume work shortly. This company is firmly established, and of long standing; its three officers, R. Barclay, president; Frank Blatch, secretary; and Geo. Steinberg, treasurer, summing up a total of 180 years.

An irrigating system which is well under way on the Skyline ranch, formerly the Kirkpatrick ranch, will supply water to quite a large acreage in arid country. Mr. V. F. Brown is chief engineer of the project and certainly deserves great credit for his patience and perseverance in surmounting the difficulties which naturally arise in a mountainous country, also in his endeavor to successfully grow the artichoke in this vicinity which has always been devoted to grazing and hay and grain crops. Mr. Brown is also proprietor of a butcher shop in Redwood City.

Mrs. E. L. Brown has about 29,000 wonderful plants on the old Frank Langley ranch of which she is the owner. The plants look fine throughout and promise a heavy yield this season. This enterprise is being watched with considerable interest, by the local people as it has always been predicted that the artichoke could not be grown profitably so far inland, owing to the extreme temperatures. We sincerely wish the Browns prosperity in pioneering a new industry in the La Honda Canyon.

Mr. and Mrs. George Steinberg were guests of Mr. and Mrs. V. F. Brown at a banquet held at the Skyline ranch December 2. The banquet was well attended and with dancing and singing, a good time was enjoyed by all.

STUDENTS!

Gallagher-Marsh Business College invites you to come and witness its student demonstrations. It then challenges all other schools to equal in your presence what you may see accomplished here.

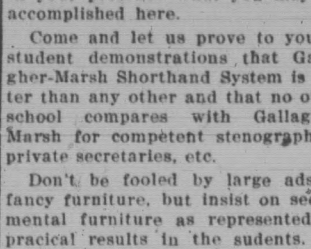

Come and let us prove to you by student demonstrations that Gallagher-Marsh Shorthand System is better than any other and that no other school compares with Gallagher-Marsh for competent stenographers, private secretaries, etc.

Don't be fooled by large ads or fancy furniture, but insist on solid mental furniture as represented by practical results in the students. So come and be convinced. Free catalog. Van Ness Avenue and Turk Street, San Francisco, Calif. Adv.

How natural it is that those who work often, in gardens should be strong and sane and sweet! They are very close to the heart of life. Perhaps, also, they are close to God!

Those who work in gardens plant other things than seeds and bulbs, tubers and cuttings. They plant hope, and faith, and love."

NOTICE TO CREDITORS<

NEWS OF MENLO PARK

The Misses Katharine and Mary Donohue, who left for the Atlantic coast Friday, have joined their sisters, the Misses Christine and Barbara Donohue, at the Hotel Gotham in New York, where they have been staying for several weeks.

Miss Christine Donohue will remain in the eastern city until the first of the year, but her sisters will sail on December 12 for England, where she will join them later. They will remain abroad until the late spring.

The Misses Donohue will visit their cousin, the Archibald Douglas-Dicks, who have an estate in Scotland, and later they will go to Paris, where several of their cousins also reside. Miss Barbara Parrott and Mr. Stephen Parrott have an apartment in Paris, where the latter is studying at the Beaux-Arts, and both Vicomtesse Eli de Dampierre and Vicomtesse Philippine de Tristan have their chateaux in Paris.

The attractive home of Major General and Mrs. C. A. Devoil on Santa Cruz avenue will be visited by a party from Mr. and Mrs. Albert Bates of New York. Mrs. Bates is the pretty and charming daughter of Mr. and Mrs. Devoil. The Bates after a short visit here will make their permanent home in San Francisco, where Mr. Bates will be manager of the Pan-Pacific Steamship line. He is a brother of Harry Bates of Menlo Park.

Joseph Flannigan, whose boyhood was spent in Menlo Park, passed away suddenly at Palo Alto last Monday morning of heart failure. He had previously complained of pains in his chest. The coroner's jury found that he had been suffering from heart disease for some time. Mr. Flannigan was a native of San Francisco, aged 52 years. He came to Menlo Park with his parents when a small boy. For the past seventeen years he had been a resident of Palo Alto, where he was employed by the Palo Alto Food & Fuel Company. His brother, William Flannigan, died a short time ago and the death of the relative it is thought hastened the demise of Joseph, who loved his brother dearly. Both spent their Sundays together here. The funeral took place on Wednesday morning at the Church of the Nativity here. Mr. Flannigan is survived by two sisters in San Mateo, Mrs. John Wisnom and Mrs. Joseph Taylor and two sisters residing in San Francisco.

The Southern Pacific Railroad Company has established a wig-wag signal system at the crossing on Oak Grove avenue. The system is being put in along the line of the railroad to Los Angeles. By this means the company hopes to be able to discontinue one of the three shifts of gate-men known as the railroad men's "graveyard shift" which operates from midnight to six o'clock in the morning. The laying off of this shift means the saving of thousands of dollars annually for the company and the new system gives greater protection to the traveling public. In case of a sudden death of the gate-man this signal would give sufficient warning to anyone going over the crossing should a train be in sight. Not long ago a gate-man died at his post at a crossing at Redwood City and for several hours trains went by the crossing with the gates up before the death of the man was discovered. No doubt this prompted the company in putting in the system on

the Coast division as an extra precaution and protection to the people.

The transbay portion of the great system that will bring Hetch Hetchy to San Francisco will be completed within thirteen months, it became known this week, when awarding of a contract for construction of an aqueduct across Dumbarton Straits was announced by the public utility committee of the board of supervisors.

The contract went to the Healy-Tibbitts Company for \$1,192,000. The aqueduct will be constructed on wooden piles with a concrete superstructure. It will be 4000 feet in length.

A contract for thirty-eight truss spans to hold the aqueduct was let some time ago to the United-States Steel Production Company for \$272,000.

The annual bazaar and food sale of Trinity Episcopal church takes place today at the parish house on Willow avenue. Fancy articles of every kind and description will be offered for sale, tempting home-made pies and cakes, just the kind our mothers used to make, will be there to take. Buy them and you will not have to bake. Try them for your own sake and be convinced you will have no stomach ache. The bazaar is to continue this afternoon and evening.

Mrs. Ada L. Sullivan of San Luis Obispo is visiting her daughter, Mrs. Bert Ragan, on Alameda de las Pulgas, Menlo Park.

Menlo Park Companions of the Forest will hold a card party in Duff & Doyle's hall Tuesday evening, December 16.

Melville B. Anderson is again able to be out following his convalescence from painful injuries incurred recently when he was run down on his bicycle by an automobile.

Jake Friedman better known as "Murphy," passed away in San Francisco last week. He was well known here. During the war he sold legions to the soldiers at Camp Fremont. This was a ruse, for his real business was gambling. He sold legions during the day time and gambled at night. It is said that Murphy cleaned up quite a sum with the cards during the existence of the camp. He left a large estate. Many years ago Friedman was caught in a gambling raid by the police in San Francisco and appearing next day before Judge Murphy he gave his name as Murphy, by this ruse hoping to get off with a light fine, but instead his "name sake" gave him a stiff sentence. Friedman was known through San Francisco thereafter as Murphy.

He was a good entertainer and could always hold the crowd by his droll sayings. The attractive home of H. F. Arthur at Atherton was sold this week to Charles Stein, a New York capitalist, who is to further develop this choice property. The estate consists of ten acres, intensively improved and a palatial residence. Mr. Stein will occupy the place at once. He is delighted with it. Mr. Arthur will reside in San Francisco. He is a silk importer and by the earthquake and fire in Yokohama lost his factory and silk mills. The sale of the property was made by M. A. McCann, the local realty broker.

The Home Dairy, located across the road from the Base hospital, is one of the most modern institutions in the State. The proprietor, M. I. Piers, has just expanded the sum of \$15,000 in new housing and machinery. The "parlor" where the cows are milked by milking machines is immaculate. From here the lactated fluid is transmitted to a cooler, it is bottled and partly frozen. Among the purchasers of this pure and certified milk are the professors at Stanford, Palo Alto hospital and the schools in this community. Over 20,000 gallons a month is furnished the Base hospital. The dairy is inspected weekly by the state inspectors and the inspectors of Palo Alto once a month. This milk is being used by the children of all the public schools of the peninsula. Mr. Piers cannot supply the demands made upon his dairy.

It was rumored here yesterday that a unit of the Klu Klux Klan is being organized at the Stanford campus. It was said a meeting was held in the engineering building last Monday and a grand league was presented to explain the aims and objects of the hooded society. It is alleged that this society is opposed to Catholics, Jews and Negroes. This is to be regretted, that the false name of Stanford should be tainted by the presence of these gallant warriors of the "nighties" on the campus.

COW-WORSHIP

If civilized people were ever to lapse into the worship of animals their chief goddess would be the cow. What a fountain of blessings is the cow. She is the mother of beef, the source of butter, the original cause of cheese to say nothing of shoe horns, hair combs and upper leather, a gentle animal and ever-yielding creature who has no joy in her family affairs which she does not share with man. We rob her of her children that we may rob her of her milk and we only care for her when the milking may be perpetrated.—Household Words.

Not only too many laws but too many people who don't care how many laws there are just so they are permitted to break them.

SIMMONS

In the Superior Court of the State of California, in and for the County of San Mateo.

No. 9519

Action brought in the Superior Court of the State of California, in and for the County of San Mateo; and the complaint filed in said County of San Mateo in the office of the Clerk of said Superior Court.

JAS. T. O'KEEFE, Redwood City, California, Attorney for Plaintiff.

ALMA DEVISH, Plaintiff.

The People of the State of California.

Send greetings to ALMA DEVISH, Defendant.

You are hereby notified to appear in an action brought against you by the above named plaintiff, in the Superior Court of the State of California, in and for the County of San Mateo, and answer the complaint filed herein within thirty days.

And you are hereby notified that if you fail to so appear and answer, the plaintiff will take judgment for any money or damages in the complaint arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

Witness my hand and the Seal of the Superior Court of the State of California, in and for the County of San Mateo, this 6th day of December, A. D. 1923.

ELIZABETH M. KNEESE, Clerk. By G. R. PORTER, Deputy Clerk. First publication in Times-Gazette, December 8, 1923.

RUNNYMEDE NOTES

The Woman's Club met for their regular meeting Wednesday afternoon. There was not as large an attendance as usual, only 37 being present. Plans were completed for the card party to be given Saturday evening, Dec. 15, the proceeds of which will be used for hospital work. Two new members were added to the roll: Mrs. J. T. Lund and Mrs. C. T. Self, both of Cooley avenue. There were three at the birthday table. After the business session, Mrs. E. R. Teit and Mrs. John Lammiman read interesting papers on the subject of Christmas trees and shrubs. The little folks of the George and Frank Hand families sang Christmas carols and a social hour with refreshments followed the meeting.

One of the largest attendances at an entertainment here were present Saturday evening when a program was given in the school auditorium; and to the committee know the honor of turning over the largest sum yet made by the literary programs. The play, "His Model Wife," was the event of the entertainment. The characters were especially fitted for their parts, and it was taken as expert critic to pick out any one character as being a better actor than another; and as only three had ever appeared on the stage before it reflected a great deal of credit on the work of Miss Genevieve Hartwell, their director. Dr. J. W. Hall of Palo Alto added much to the program by a vocal and also a saxophone solo. Dancing followed the program, and refreshments were also served. The evening's entertainment netted \$102.07 for the furniture fund of the school auditorium. The committee to whom the credit of the evening's success is due were: Messrs. and Mesdames C. T. Self, Laurence, Faber, Victor Hugo, Herbert Baler and Douglas Walker. The December committee have planned a hard times dancing party for Dec. 28th.

The Boy Scouts have planned a surprise program in connection with their meetings hereafter, and Mr. Basham has charge of this week's program for the meeting to be held Saturday evening instead of Friday, their regular night, owing to the school week. The program is of interest in the work for a scout and in Montana, has consented to be assistant scout master.

C. B. Hensley returned home from the San Joaquin Valley Saturday morning, called home by the destruction of their home and all their belongings by fire the night before. Most of the poultry were saved, but the wind was so strong it wasn't possible to save a building. Almond street would have burned but the fire department with the help of the men of the community kept it confined to the one home.

Mr. and Mrs. S. W. Hull and Mr. and Mrs. F. C. Nickerson visited at the Charles Wiley home at Redwood Highlands Sunday, and Mr. and Mrs. E. R. Lam were guests at the Northerton home in Redwood City. Gladys Olsen is on the sick list this week.

The Alencasias on Almond street have built a garage, and are driving a new car. Lloyd Mayer is also driving a new car, and the Collins have exchanged their truck for a new touring car.

Mr. and Mrs. Elmer Bartlett were Oakland visitors Monday. J. Pollard who was here during the illness and for the funeral of his brother, J. C. Pollard, returned to his home in Idaho Monday. Mr. and Mrs. A. Dezo motored to San Francisco Tuesday evening and were dinner guests at the Shingleberger home.

Mr. and Mrs. Louis Wheat have returned from a business trip to the San Joaquin Valley. Mrs. and Mr. Alfred Gravestock and the former's parents, Mr. and Mrs. A. E. Gravestock, motored to San Leandro and Haywards Sunday. Miss Louise Hansen passed the week end in San Francisco. Mrs. Burbeck of Hanford is a guest at the home of Mrs. R. G. White.

Mr. and Mrs. A. E. Averill of Wrights were week-end visitors with the W. A. Rome family. The former is a brother of Mrs. Rome. Mrs. George Campbell, who has spent the last week in San Francisco, has returned home. Mrs. Gustafson and twin daughters of San Francisco are visiting at the Charles Esterberg home on Euclid avenue.

Why is a barber's pole red and white?—because barbers used to be surgeons and displayed a red pole as a sign. Bandages, hung on the pole to dry, were wrapped around it by the wind; hence red and white stripes. Many ill-fortunately treated by crude barber-surgeon methods, now are prevented by

Puretest CASTOR OIL. A clear, bright laxative oil that acts gently and thoroughly without griping or pain. Puretest Castor Oil has a sweet nutty taste not unlike fine salad oil. Children take it easily. One of 200 Puretest preparations for health and hygiene. Every item the best that skill and conscience can produce.

Ryan's Drug Store. The Rexall Drug Store. Phone Redwood 162. P. A. RYAN, L. F. WINKLER. REDWOOD CITY, CALIFORNIA. Office of Western Union Telegraph Company.

Mr. and Mrs. R. L. Haggett spent last Sunday at the C. N. Straun home.

Miss Maude Palsen, who is in training in Santa Clara hospital, was a visitor for a day this week at the Martin Anderson home.

Mr. and Mrs. R. Russell are adding to their home on Euclid avenue. Mrs. Mary Stubbs is visiting relatives in Alameda this week.

Mrs. A. E. Martinelli is spending a few days with relatives in San Rafael.

Mrs. Ray Leeper and two daughters, who have been visiting at the S. W. Hull home, have returned to their home in Modesto.

J. P. Collins was home for a week-end visit with his family. Mrs. C. N. Straun is passing a few days with her sister in Oakland.

Mr. and Mrs. J. B. Maynard returned home Monday after a week's visit in Oakland and Healdsburg with relatives.

Mrs. W. A. McElhattan, who has been visiting her sister in Oakland, returned home Tuesday. Mr. McElhattan and Mrs. A. E. Gravestock motored up for her. The Robekahs of Runnymede were Mayfield visitors Thursday evening on the occasion of the visit to the lodge of the president of the Assembly.

Consumers who trade on the credit system always have to pay dearly for the privilege. It is wrong to load the sins of the consumers upon the middle-men or blame the high cost of living upon the farmers. They are both innocent of the crime. Eliminate the buying on tick and the whole thing is solved. Money talks.

CERTIFICATE OF INDIVIDUALS DOING BUSINESS UNDER A FICTITIOUS NAME.

We, the undersigned, do hereby certify that the co-partners, transacting business in this State in Redwood City, in the County of San Mateo, under the firm name and style of "REDWOOD CITY CREAMERY,"

That the names in full of all the members of such partnership are MANUEL PRAGO of 119 Phelps Street, Redwood City, California, and JOHN F. NUNES, also of 119 Phelps Street, Redwood City, California; that the said 119 Phelps Street is the place of residence of both of said parties.

IN WITNESS WHEREOF, we have hereunto set our hands this 5th day of December, 1923.

MANUEL PRAGO, JOHN F. NUNES, State of California, County of San Mateo.

On this 5th day of December, one thousand nine hundred and twenty-three, before me, FRANKLIN SWART, a Notary Public, in and for the County of San Mateo, personally appeared MANUEL PRAGO and JOHN F. NUNES, known to me to be the persons whose names are subscribed to the within certificate, and duly acknowledged to me that they executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my Official Seal, my office in the County of San Mateo, the day and year in this certificate first above written.

FRANKLIN E. SWART, Notary Public, in and for the County of San Mateo, State of California. First publication in Times-Gazette, December 8, 1923.

Light Brings comfort and relaxation

RESTFUL lighting soothes tired nerves. Your living room should be lighted to bring cheerfulness, comfort and relaxation. A few dollars invested in lighting fixtures, together with a few cents for electricity, will give a full measure of this enjoyment.

Ask your dealer or the P G and E office for complete information.

PACIFIC GAS AND ELECTRIC COMPANY

A California Company serving over 308,000 electric consumers.
